# Tim Sanders – The Right Priorities for Your Pocketbook!

Dear Blaine Residents,

Democrat leaders are fighting to capture five more seats in the Minnesota House. Why? So they can override Governor Pawlenty's vetoes, increase taxes and expand government at the expense of your pocketbook.

I've got a different approach. It's an approach that reforms state government and seeks new ways of solving old problems without simply resorting to raising taxes.

Let's bring back a strong economy, growth and prosperity to families and job providers. I respectfully ask for your vote.

*- Tim Sanders*

## VOTER ALERT!

There are two candidates named Sanders running for State Representative. On Election Day, remember to vote for TIM Sanders!

### Tim Sanders' Pocketbook Protection Plan:

- ✓ Lower energy costs using American oil resources and more nuclear, wind and solar power, bio and other alternative fuels
- ✓ Support job growth by championing initiatives that help small businesses grow and succeed
- ✓ Spend smart and prioritize to address critical needs in education, health care, transportation and public safety
- ✓ Fund programs that work effectively and eliminate those that don't
- ✓ Innovate and look for smarter ways to balance the state budget than simply raising taxes on Minnesota families
